**COMMENTS**

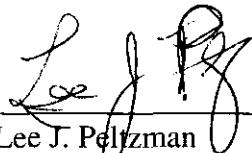

Okie Broadcasting ("Okie"), by its counsel, hereby submits its Comments in support of the proposal contained in the Commission's Notice of Proposed Rulemaking ("NPRM"), DA 04-3332, released October 25, 2004, proposing to amend the FM Table of Allotments by adding Channel 251A at Maysville, Oklahoma. In support of its position, Okie submits the following:

The new allotment proposed in the NPRM would constitute a first local aural transmission service at Maysville. Okie states that, should the Commission approve the proposed allotment of Channel 251A at Maysville, Okie will file an application for a construction permit for the Channel 251A allotment and, if that application is granted, will promptly construct its new facility.

In view of the above, Okie respectfully requests that the Commission approve the proposal to allot Channel 251A to the community of Maysville, Oklahoma as that community's first local aural transmission service.

Respectfully submitted,

OKIE BROADCASTING
